

## WORKFORCE DATA

- The SCCC Labor Shed has an estimated population of 2.23 million and represents 52% of the metro area based on 2014 data.\*
- A healthy rate of population growth is projected for the Maricopa/Pinal region with more than a 30% increase in population by 2030. Much of this increase will be due to in-migration driven by job growth. The region is expected to add more than 600,000 jobs in the next ten years.\*
- About 51% of the population within the SCCC Labor Shed is within the prime working age range of 25 to 64 years old. Labor force participation rates are strong, particularly in East Valley cities where 70% to 80% of the population over 18 is in the workforce.\*
- 61% of the workforce that does not work in the City of Maricopa has looked for a job closer to home.\*\*
- 85% of the City of Maricopa workforce would leave their current company for a closer workplace.\*\*
- 44% of the City of Maricopa workforce would consider changing their career if a local job presented an opportunity.\*\*
